Dental Retiree Plan A Benefit Information

Schedule Reimbursement Plan

You may select any duly licensed dentist or specialist whom you and/or your eligible family members prefer. Upon completion of dental services and submission of a required claim form you will be reimbursed according to the schedule of payments for expenses you incur for preventive, basic and major non-orthodontia dental services. You are responsible to your dentist for any costs beyond the schedule of reimbursement. Upon completion of your dental work, the reimbursement check will be mailed directly to you.

For a summary plan description for the above Schedule Reimbursement Plan please refer to the Dental Retiree Plan A Reimbursement Plan Brochure, and for additional information please contact Healthplex customer service at (800) 468-0600 (Press Option 1), www.healthplex.com, or the SBA Health & Welfare office at (212) 431-6555.

All benefits are governed by the provisions of the master group contract between Healthplex and the Health & Welfare Fund.

<td>When more than one dental service would provide suitable treatment, your benefits will be based on the treatment determined by Healthplex to be best suited to your condition by accepted standards of dental practice. If two services provide satisfactory results according to accepted standards of dental practice and one service is less expensive than the other, the Fund will reimburse up to the scheduled allowance for the less expensive service.</td>

<td>When a dentist’s charge for a proposed course of treatment is $250 or more, a dental service treatment plan must be submitted to Healthplex for approval before treatment is started. X-rays and a description of the procedure must be included with treatment plan being submitted for pre-authorization. The treatment plan, prepared by the dentist, must be submitted direct for review by Healthplex, no later than 30 days after the initial examination. Pre-authorization by Healthplex is limited to the approval of the course of the treatment proposed; it does not include approval of payment for services not covered under the dental plan, nor is it a determination of the patient’s eligibility.</td>

</table>

A claim submitted to Healthplex for pre-authorization will be returned to the dentist indicating their decision. Your dentist should contact you upon receipt of the returned form. Approval will include the maximum amount of reimbursement you will receive upon completion of the approved dental services. The dentist may proceed to provide the approved services after you have been notified of the reimbursement amount and agree to have the approved work performed. Healthplex reserves the right to modify or deny payment of claims of $250 or more which have not been approved by Healthplex before treatment begins.
